Date Signed:	Date Signed: 3-29-10

QUESTIONS/CLARIFICATIONS

Question #1:
Is this project to be handled as regular MODOT letting projects regarding overrun and under run bid quantities if the quantities provided are different than what is needed or should the contractor's bid item price reflect any extra lengths that may be needed, with no other compensation or in other words "bid it, to do it"?
Answer #1:
The contract will be handled as a regular MODOT project regarding over runs and under runs.
Question #2:
Is the contractor to install lead-in splice kits for terminating the loop wire to the lead-in cable, or is the Commission to do this?
Answer #2:
The contractor will be responsible for all connections at the pull boxes.
Question #3:
Is the contractor to terminate the lead-in cable inside the traffic controller? If so, is the contractor to program the controller for the new installation of traffic loops?
Answer #3:
MODOT will be responsible for making the connections <u>within</u> the cabinet and programming the controller to operate with the new loops.
Question #4:
Is the contractor to be held to the MODOT standard (MUTCD) for traffic control on this project?
Answer #4:
Yes
Comment:
NOTE: Work done within the time frame of 20:00 and 6:00, is to be paid at the time and a half scale for the trade of outside electrician according to the wage determination, which applies to this projects craft, in the county of Dunklin.
